ABOUT HOLY FAMILY COLLEGE OF NURSING

Celebrating 70 years of Excellence in Nursing Education

Holy Family College of Nursing (HFCON), affiliated to the University of Delhi and managed by the Archdiocese of Delhi, aspires to be a centre of academic excellence in nursing education. The institution traces its roots to the School of Nursing at Holy Family Hospital, New Delhi, established in 1956. What began as a small bud has blossomed into a distinguished College of Nursing, remaining steadfast in its mission and vision of providing high-quality nursing education.

The B.Sc. (Hons.) Nursing programme was introduced in 2011 under the University of Delhi, followed by the Post Basic B.Sc. Nursing and M.Sc. Nursing programmes in the academic session 2016–2017.

In 2022, the college received approval for the Nurse Practitioner in Critical Care (NPCC) programme from the Indian Nursing Council (INC), Delhi Nursing Council (DNC), and the University of Delhi. With this milestone, HFCON became the first college of nursing in the Delhi-NCR region to introduce the NPCC programme.

Through its commitment to academic excellence, professional competence, and quality nursing education, Holy Family College of Nursing continues to contribute to the development of skilled, compassionate, and competent nursing professionals.

ABOUT THE NATIONAL CONFERENCE

The vision of Viksit Bharat 2047 envisages a healthy, equitable and self-reliant India, with Universal Health Coverage as its cornerstone. Achieving Health for All requires robust policy reforms, resilient infrastructure, digital transformation, and a skilled, empowered health workforce. This conclave brings together eminent experts, policymakers, and nursing leaders to deliberate on government initiatives, grassroot delivery, financial risk protection, digital integration, AI in healthcare, and preventive wellness. The tracks focused on nursing education, frontline strengthening and transformational leadership, the forum aims to foster innovation, collaboration and actionable strategies to build a future-ready health system for a developed India.

AIM OF THE CONFERENCE

Empowering nursing professionals to drive India's long term health care transformation.

OBJECTIVES OF THE CONFERENCE

1. To analyze government reforms and health infrastructure for advancing UHC under Viksit Bharat.
2. To leverage digital health, e-governance and AI for efficient healthcare delivery.
3. To strengthen nursing education, skilling and leadership for workforce capacity building.
4. To promote preventive, holistic wellness and healthy lifestyles for Health for All.

WHO SHOULD ATTEND?

- Nursing Faculty/ Nursing Administrators
- Clinical Nurses/ Nurse Managers/ Nurse Practitioners
- Nursing Students (UG, PG & Ph.D)
- All health care professionals
